7. News from the National Groups

Denmark – On May 30 IABSE Denmark organised a Mini-seminar on 'Recent Major Bridges with Danish Involvement'. With more than 80 participants, including members from Norway and Sweden, and high quality presentations by contractors, consultants and academia the seminar gave a comprehensive overview of the topic. All presentations including discussion were given in English in line with the international aspect of the Association. Furthermore, participants enjoyed the opportunity to network during the subsequent get-together and buffet. Ten participants joined IABSE after attending this event. Presentations will be available shortly on www.iabse.dk .

Spain - The Spanish Group of IABSE and the University CEU San Pablo have organised a conference on May 27 in Madrid, titled 'Urban Design as Urban Infrastructure - Next Evolution' delivered by Richard Plunz. Over 100 people attended the event.
